Forest Ecology and Management, 54 (1992) 351–352
Elsevier Science Publishers B.V., Amsterdam

Contents of *Forest Ecology and Management*, Volume 54

VOL. 54 NOS. 1–4 **NOVEMBER 1992**

Growth and development in an old-growth Arizona mixed conifer stand following initial harvesting
G.J. Gottfried (Flagstaff, AZ, USA) 1
Dominant species exchange during succession in reclaimed habitats: a case study from areas deforested by air pollution
P. Pyšek (Kostelec, Czechoslovakia) 27
Effects of bracken (*Pteridium esculentum* Forst. f.) Cockayne) on eucalypt regeneration in west-central Victoria
K.G. Tolhurst and N.D. Turvey (Creswick, Vic., Australia) 45
Modelling the impact of defoliation by the leaf beetle, *Chrysophtharta bimaculata* (Coleoptera: Chrysomelidae), on height growth of *Eucalyptus regnans*
S.G. Candy, H.J. Elliott, R. Bashford and A. Greener (Hobart, Tas., Australia) 69
Provisional site quality evaluation for coniferous plantations in Sierra de la Ventana, Argentina
A. Ares and N. Peinemann (Bahía Blanca, Argentina) 89
Modeling diameter growth in local populations: a case study involving four North American deciduous species
D.D. Reed, E.A. Jones (Houghton, MI, USA), M.J. Holmes (Durham, NH, USA) and L.G. Fuller (Blacksburg, VA, USA) 95
Resilience of a heavily logged grove of giant sequoia (*Sequoiadendron giganteum*) in Kings Canyon National Park, California
T.J. Stohlgren (Davis, CA, USA) 115
Response of a hybrid poplar to water table decline in different substrates
J.M. Mahoney and S.B. Rood (Lethbridge, Alta., Canada) 141
Stand development and overstory–understory interactions in an aspen–northern hardwoods stand
M.R. Roberts (Fredericton, N.B., Canada) 157
Soil mineral nitrogen changes following prescribed burning in ponderosa pine
W.W. Covington (Flagstaff, AZ, USA) and S.S. Sackett (Riverside, CA, USA) 175
The distribution of pine sawfly cocoons (Diprionidae) in Scots pine stands in relation to stand edge and tree base
J. Simandl (České Budějovice, Czechoslovakia) 193
Mycorrhizal succession in young *Eucalyptus viminalis* plantations in Santa Catarina (southern Brazil)
M. de Mendonça Bellei, M. Gil (Florianópolis, SC, Brazil) and J. Garbaye (Seichamps, France) 205
Effect of stand origin on the genetic diversity of Norway spruce (*Picea abies* Karst.) populations
D. Gömöry (Zvolen, Czechoslovakia) 215

Lodgepole pine response to nitrogenous fertilizers applied on and off snow, and to associated damage by small mammals
V.G. Marshall, H.J. Barclay and E.D. Hetherington (Victoria, B.C., Canada) 225
Tropical forests as sinks of atmospheric carbon
A.E. Lugo (Rio Piedras, PR, USA) and S. Brown (Urbana, IL, USA) 239
Assessing site productivity in tropical moist forests: a review
J.K. Vanclay (Frederiksberg, Denmark) 257
Enrichment planting in a tropical secondary forest in Veracruz, Mexico
J.M. Ramos and S. del Amo (Mexico D.F., Mexico) 289
Enhancement of rooting ability in *Triplochiton scleroxylon* by injecting stockplants with auxins
R.R.B. Leakey (Penicuik, UK) 305
Evaluation of six site classifications for modelling timber yield of regrowth karri (*Eucalyptus diversicolor* F. Muell.)
M.E. Rayner (Canberra, A.C.T., Australia) 315
